

**David J. Posek**  
**Retired President, Lockheed Martin's (LM) Aircraft and Logistics Centers Business**

Mr. Posek joined GE in 1966 after graduating from St. Louis University with a BS in Aeronautical Engineering and subsequently from Drexel University in 1975 with an MBA. He had a number of Engineering, Program Management, and Business Development assignments within GE's Aerospace business unit. In 1989, he became VP of GE's Space & Aeronautical Services business, integrating GE's and RCA's space related services activity. In 1993, he was appointed VP of Systems Support Services, while over the next several years combining Martin Marietta, Loral and Lockheed's DOD engineering services businesses. In 1997, he became President of Lockheed Martin (LM) DOD Services. Mr. Posek was elected a Corporate Officer of LM in 1999 and became President of Lockheed Martin Aircraft and Logistics Centers in 2001.

Governor Sanford appointed Mr. Posek to the SC Ports Authority Board in October 2005. Governor Haley reappointed him in 2014 and Governor McMaster reappointed him in 2018. He was elected Chairman of the Board for the years of 2008 and 2009. He continues to serve on the SCPA Board as Vice Chairman, and currently is the Vice Chairman of the Bi-State Commission between SC & GA to build a new Port on the lower Savannah River. He is married to Maryisabel V. (Graham) and they have three grown daughters.
